SENATOR MARSH: The Clerk will record.

CLERK: 31 ayes, 0 nays on adoption of the committee amendments.

SENATOR MARSH: The amendment is adopted. I will recognize Senator Warner.

SENATOR WARNER: Mr. President and members of the Legislature, the....

SENATOR MARSH: I think we will stay on hand to vote because we don't seem to have enough around. So unless there is a motion to lift the Call, I am going to leave us under Call, so that means remain in the room.

SENATOR WARNER: LB 408 is just a little bill that permits some land the Department of Institutions owns at Grand Island to be sold to the Highway Department for road construction that is taking place, and it saves going through the route of eminent domain. I also have an amendment up there to add the emergency clause and also an amendment that puts 407 into this bill too which is the same thing of the Department of Institutions selling some land to the Department of Roads for road construction on the west side of Lincoln. And these two measures together will put about \$245,000 into the general fund from the sale of property. So if the Clerk would take my first amendment.

SENATOR MARSH: Mr. Clerk.

CLERK: Madam Chair, Senator Warner would move to amend the bill by adding the emergency clause.

SENATOR WARNER: I so move, Mr. President, so that the transfer can be done right away. In the case of this land at Grand Island, they are ready for construction as of now.

SENATOR MARSH: We are ready to vote on the adoption of the emergency clause. In favor vote yes, opposed no. Senator Marsh voting aye.

CLERK: Senator Marsh voting aye.
